

JOA – Hands Around the World Jersey 2023

Project	Providing Teaching skills in English for students & Teachers
Location	Rwanda
Dates	28 th July 2023 to 12 August 2023
Group size	12 volunteer Teachers from Jersey

Aim and Context of the Project

HANDS AROUND THE WORLD was founded in 1994 by Dr. David Steiner, who for many years lived and worked as a doctor in general practice in Jersey. He became involved with the States of Jersey Overseas Aid Programme, during which time the plight of many people in developing countries came to be of great personal concern. The Jersey branch of HANDS AROUND THE WORLD (HATW) was established in 2007 from a group of HATW supporters. We have our own Trustees and have developed strong links with partners overseas.

Project Details

Responsibilities:

Hands Around The World has been taking volunteers to Bugarama in south west Rwanda for the past 12 years helping to improve teaching and learning conditions in the local schools. In joining us you'll meet our many friends and partners and share in the ongoing transformation of schools. HATW and JOA are hoping to recruit a number of teachers to run English language courses for local teachers. All teachers are welcome to apply, you do not have to teach English specifically to be involved. Why you should go: You'll see how the people of Rwanda are pushing forward the development of their country, particularly in education. You'll make new friends for life among your team and local people. The volunteer contribution is greatly appreciated by local people. You'll be part of a wider programme of infrastructure improvements including classroom construction and improving facilities sponsored by JOA as well as support for individuals to improve their life opportunities.

Accommodation: Volunteers will be staying in a local hotel close to the school.
